## HOLDING TANKS 250 GALLON

This above-ground, large-capacity tank holds approximately 250 gallons of either grey or black waste water and is quick and easy to install. Very convenient when there is no sewer connection.

**USES** > Emergency > Events > Construction

## SPECIFICATIONS

- > Width: 84"
- > Depth: 48"
- > Height: 16"
- > Capacity: approximately 250 Gal.

\*Exact measurements depend on size and model of the tank

## FEATURES

- > For black and grey waste water
- > Multiple access ports
- > Quick and easy installation

When it comes to equipment rentals and onsite services, no one sets the standard for simplicity like Diamond.
