Shop Online, The Diamond Way

Online shopping has become as American as apple pie and as ubiquitous as Amazon. Diamond has leapt to the forefront of **ecommerce** by upgrading its website to minimize your time and maximize your convenience.

Our customer-friendly, online shopping experience is based on the innovative Shopify platform. It is personalized for Diamond and custom-tailored to our clients' spectrum of needs.

Simplicity is at the core. Just visit www.diamondprovides.com, click the **BOOK ONLINE** tab at the top, then select your desired product(s). You will be seamlessly redirected to the appropriate page, complete with pricing, details, specs and other information. Add the product(s) to your cart, check out, and relax. We've got you covered!

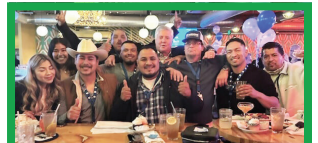

As an additional enticement, for a limited time, you can get 10% off sitewide on all ecommerce orders. No need to enter a code; it's our way of saying we appreciate your business and encourage you to shop online, the Diamond way!

Diamond Family Celebrates 25th Anniversary with Fun and Games

Whether with us for 25 years, 25 days, or somewhere in-between, our valued Diamond employees and their significant others joined our 25th anniversary celebration in 2023 for two evenings of rollicking fun at Punchbowl Social's San Diego and Rancho Cucamonga locations.

At each celebration, Diamond family members from that area enjoyed food, drinks, and an array of entertainment options, including bowling, ping pong, darts, and arcade games. Making the event more special, owner Eric de Jong reserved each entire venue for three hours so staff could comfortably mix and mingle with their counterparts from other service centers.

Eric says, "We wanted to thank our staff for providing sparkling service all these years as we move forward together on a positive note into our next 25!"

Diamond Hosts Satellite Women's Conference

In October 2023, Diamond was honored to host the Satellite Women's Conference at our San Marcos headquarters. In a word, says Diamond CEO Alex Fortunati, the event was "impressive."

He explains, "Satellite Industries www.satelliteindustries.com is the world's largest supplier of portable restroom products. We buy many products from this venerable company, which is 65 years old. Diamond is the 'preferred provider' throughout SoCal, and a nationally known sanitation industry leader. So the combination of Satellite and Diamond at the conference was impressive. Impressive also describes conference attendees' response to our headquarters, equipment, processes, and staff."

Welcome New Site Managers Brian Bobadilla and Angel Juarez

Brian with one of the tools of his trade.

Fullerton Site Manager **Brian Bobadilla** joined the Diamond team in October 2022, bringing 12 years of expertise in the sanitation industry. "I handle all Fullerton operations and manage 46 employees," this industrious manager says. "I love working for Diamond. The company has a great atmosphere. I'm happy to be part of this family business."

On a personal level, Brian knows a lot about "family business." He lives in Norwalk with his wife and four daughters. Brian reveals, "When I'm not working here, I'm working at home and enjoying time with my family."

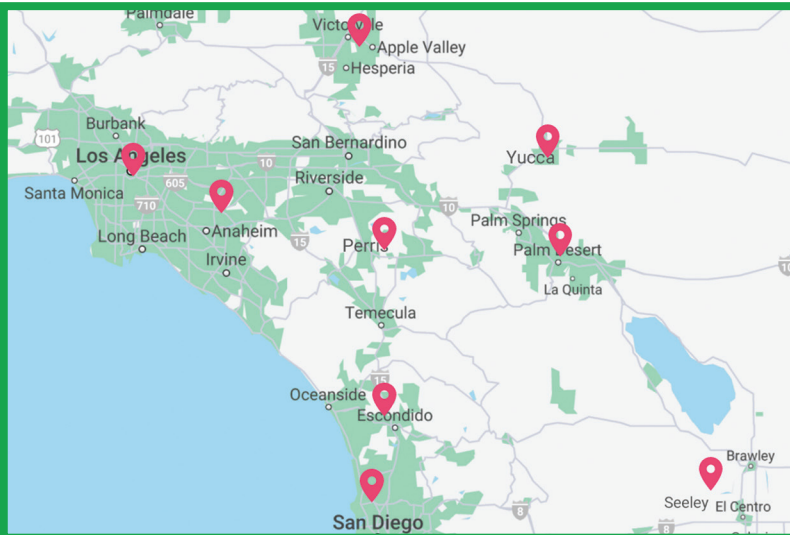

Angel (second from left) and family in Hawaii.

Huntington Park Site Manager **Angel Juarez** also has deep sanitation industry experience; handling special events for 14 years. In 2020, he was hired by Diamond in a logistics capacity, then promoted to his current position, managing 51 employees

Angel appreciates Diamond's family feeling. "Instead of being a corporate number, at Diamond everyone knows your name. I work hard and enjoy having time to spend with my family in Fontana: my wife, four adult kids, and my dad. We just returned from a fun vacation in Hawaii. I relish time with both families: Diamond and my own."

Areas We Service

As the industry leader in Southern California, Diamond Environmental offers simple yet reliable service. Our 8 locations cover the counties of San Diego, Orange, Los Angeles, San Bernadino, Riverside and Imperial to accommodate your needs quickly and efficiently. We offer quality products and competitive pricing with the Diamond standard of service.

An Old Poem

My father, Arie de Jong, loved this old poem, and so do I. In his honor, I wanted to share it with all of you. Enjoy!

Eric de Jong, Owner

Arie de Jong,
January 24, 1939-April 6, 2023

Sit down, my friend, and rest your weary frame
Do what you must and do it without shame
This little throne your fannie occupies
Makes all men equal underneath the skies
The King. The Queen. The Wiseman and the fool
All take down their pants and sit on this same stool
One more thought I leave with you, my friend
Please don't waste the paper on your rear end
